

**RCFM4014 Model**

Features	Benefits
<b>Surpassed rugged industry standards</b>	All Land Pride Cutters have been designed and tested and meet rigorous voluntary testing procedures.
<b>High gearbox horsepower rating</b>	Gearboxes are built rugged. See Specifications for actual Gearbox horsepower ratings.
<b>5 Yr. limited gearbox warranty</b>	Shows our confidence in the gearbox integrity.
<b>3 Gearboxes</b>	Allows equal torque to be spread to left and right gearbox.
<b>Splined blade hubs</b>	Splined blade hub offers tight non-slipping attachment to gearbox output shafts.
<b>High blade tip speed</b>	Means cleaner cutting. See Specifications for actual blade tip speeds.
<b>Spring loaded torque dampeners between center and outboard gearboxes</b>	Protects the driveline and gearboxes from hard objects in the blade path and resets to prevent blades from hitting.
<b>Slip-clutch protection on main driveline</b>	Slip-clutch is more convenient than shear-bolt, protects gearbox against sudden impact.
<b>Cat. 2 and Cat. 3 hitch</b>	Fits a wide range of tractors.
<b>10 Gauge (deck, fully welded</b>	Fully welded deck adds rigidity.
<b>1/4" (6 mm) Thick sidewalls</b>	Protects sidewalls from thrown objects.
<b>Round back design</b>	Allows for cleaner and efficient discharge of material, helps eliminate damage to rear corners by not sticking out.
<b>Full length skids with reversible &amp; replaceable shoes</b>	Adds reinforcement to side panels. Reversible and replaceable skid shoes allow for change before wearing through to weld-on piece.
<b>Laminated tires</b>	Laminated tires can handle almost any condition and don't go flat.
<b>Dishpan option</b>	Stump jumper aids in sliding over obstructions, which helps protect gearbox output shaft. Heavy-duty blade bar adds support to stump jumper as well as gearbox output shaft.
<b>Heat-treated blades 1/2" x 4" (13 mm x 10.2 cm)</b>	Heat-treated blades last longer than non-heat-treated blades
<b>3" (7.6 cm) Diameter cutting capacity</b>	Aids in cutting brush.
<b>Shredder kit options</b>  <p style="text-align: center;"><b>Without fixed blades</b></p> <p style="text-align: center;"><b>With fixed blades</b></p>	<p>Good for Shredding row crops into small pieces. All kits include baffles to help maintain shredded material in each section of the cutter for a consistent rear discharge.</p> <p>Good for any row width.</p> <p>Good for 30" (0.76 m), 38" (0.97 m), and 40" (1.02 M) row spacings. Includes fixed blades to reduce stalks into smaller pieces.</p>
<b>Front rubber or chain guard options and rear metal band, rubber, or chain guard options</b>	Reduces flying debris.
<b>Three tailwheel option</b>	Third tailwheel helps protect against scalping the ground on uneven terrain.
