

BSR10 Model

Features	Benefits
Cat. I & Cat. II 3-Point hitch	Works well with a lot of tractors.
Quick Hitch compatible	Easy to hook-up and unhook with a Quick Hitch. Bale Spear must be supported on blocks to use the Quick Hitch.
Replaceable spear and spikes	Spears and spikes are easily replaced if damaged.
Bales can be pushed with a single spear	Good for pushing bales onto side dump trailers.
Single spear punches a hole in end of bale, not in the circumference	Very little moisture can enter the bale where the spear punches into the bale. Grappling type bale lifts punch holes in the circumference allowing moisture to penetrate the bale and accelerates bale deterioration.
Single spear includes two short bale spikes	Bale spikes keep bale from rotating on the single spear.
Single spear takes less force to push the spear into the bale	Bales of all sizes won't shift positions as easily while pushing the spear into the bale. Single spears are ideal for lifting smaller lighter bales.

BSR20, BSR30, BSR40 Models

Features	Benefits
Cat. II & Cat. III 3-Point hitch	Works well with a lot of tractors.
Quick Hitch compatible	Easy to hook-up and unhook with a Quick Hitch. Bale Spear must be supported on blocks to use the Quick Hitch.
Replaceable spears	Spears are easily replaced if damaged.
Bales can be pushed with multi-spears	Good for pushing bales onto side dump trailers.
Spears punch holes in end of bale, not in the circumference	Very little moisture can enter the bale where the spears punch. Grappling type bale lifts punch holes in the circumference allowing moisture to penetrate the bale and accelerates bale deterioration.
BSR20 features two spears	Increased lift capacity and stability when lifting a single round bale.
BSR30 features three spears	Great for lifting a single square bale.
BSR30 spears are available in 32", 39", & 49" lengths	Allows customer to select a spear length that won't punch holes on the opposite side of the bale but long enough to penetrate more than two-thirds the way into the bale for lift stability.
BSR40 features four spears	Great for lifting two round bales at the same time.
